

Australian Canoeing 2008 Flatwater Grand Prix 2

SIRC, Penrith

22 - 24 February 2008

Competitors' Briefing

Please ensure you read the briefing notes below. If you have any questions, please see the Chief Official (Graham Halford) before the competition begins, or email to grandprixentry@canoe.org.au

- 1 This Event is being conducted under the Australian Canoeing Flatwater Racing Competition Rules. The ICF Flatwater Racing Competition Rules therefore apply as modified by the Australian Rules and this document.
- 2
It is the competitors' responsibility to know the rules of the competition. Any competitor who is unsure of any detail, or has a problem concerning the running of the championships should seek clarification via their State Manager from the Chief Official.
- 3 Competitors wishing to protest on the result of an event must lodge their protest via their State/Team Manager to the Chief Official within 20 minutes of the completion of that event. The protest must be in writing and accompanied by a \$40.00 protest fee.
- 4 **Competitors must wear an officially recognised Club, State or NCE uniform. International visitors competing must wear their country or club uniform.**
- 5 Any competitor entered in the regatta may be substituted for any other competitor in the same category. Notification of such alterations must be given in writing to the Chief Official at least one hour before the first race of the morning or afternoon session.
- 6
A competitor who arrives too late at the start or who otherwise does not start, and has no valid reason approved by the Chief Official, shall be disqualified from the race in question. Upon payment of the prescribed reinstatement fee the competitor may continue to participate in those other races of the regatta in which the competitor is entered, but otherwise shall be disqualified for the remainder of the regatta. Where a competitor is disqualified under this rule and has no other races remaining in the regatta, the competitor shall not be allowed to enter the next national competition unless the prescribed reinstatement fee has been paid. The reinstatement fee is \$100 for seniors and \$25 for juniors.
- 7 **Competitors' attention is drawn to the ruling on false starts. Any competitor who makes a second false start will be disqualified from the race. The decision of the starter will be final.**
- 8 Competitors are not permitted to paddle along side a race in progress. Receiving external assistance is not permitted.
- 9 Competitors in the vicinity of the course should stop their boat while a race is in progress nearby, to ensure minimum interference to those racing. This is particularly relevant when paddling on the course to get to the start line.
- 10 Competitors must not paddle in close proximity to the starting area while a race is in the process of being started.
- 11 Competitors should not congregate in their boats in the vicinity of the finishing line in case they interfere with the judging or the finish of the event in progress.
- 12 In races up to 1000 metres, competitors must keep the whole of their boat within the 4m wide central area of their lane from the start to the finish of the course. Upon any deviation, the boat must go back immediately to the this central area . No boat may come nearer than five metres in any direction to the boat of another competitor.
- 13 It is the responsibility of all competitors to ensure that their boats meet the construction requirements of the ICF rules. Facilities are provided for competitors to check the weight of their boats.
- 14 Any competitor who displays behaviour detrimental to the good order and conduct of the competition may be disciplined or disqualified. An athlete or crew which in the opinion of the Competition Committee deliberately does not compete to their ability in a race, to affect their progression in an event or otherwise, may be disqualified from the event or from the remainder of the regatta. A competitor who acts in a manner unbecoming of a member of Australian Canoeing or brings Australian Canoeing or the sport of canoeing into disrepute may be subject to disciplinary proceedings.
- 15 Drug testing maybe carried out during the regatta by representatives from the Australian Sports Anti-Doping Agency (ASADA). Competitors are expected to cooperate fully with their requests. Any competitor unsure of his/her obligations should seek clarification from the Chief Official. For further information, please check the ASADA website at <http://www.asada.gov.au/index.html>.
- 16 It is highly recommended to bring blackout and lots of fluids, as the weather could be very hot and windy.
- 17 Boat holders may be available during the regatta for held starts.
- 18 Food is available at the venue, and there is a shopping centre nearby.
- 19 Coaching or otherwise assisting from the side of the course is not permitted.
- 20 In the case of adverse conditions the Competition Committee may require that competitors in specified age groups wear approved personal flotation devices. team managers should ensure that these are available.
- 21 Persons riding along the northern side the course must wear a bicycle helmet in accordance with NSW law, and may not proceed past barriers erected east of the Pavilion. Riding in front of the Pavilion is prohibited for reasons of safety. Driving or riding on the southern side of the course is prohibited without permission of the Competition committee. Any breach of these requirements may result in the disqualification of any paddler or crew concerned.
- 22 All queries, protests and appeals must be submitted to the competition committee by your state (or national) team manager. Team managers at this regatta are:
New South Wales:
Queensland
South Australia
Victoria /Tasmania
Western Australia
New Zealand
Competition Committee
Chief Official: Graham Halford 0418461582 halfordg@bigpond.net.au
Deputy Chief Official: Mark O'Brien
Deputy Chief Judge: Fred Bahrami
- 23 **The Team Leaders Meeting will take place at 4pm in the afternoon on Thursday 21st February, at the venue in the boatshed seminar room.**

Race Progressions for 2008 Australian Canoeing Flatwater GP2 only

No. entries	PLAN	Level 1	Level 2	Level 3
1-9	Direct Final (DF)	Direct final		
10-18	A	2 heats (1-4 and fastest 5 th to final)	Final	
19-27	B modified	3 heats (1-2 to final, 3-5 to SF)	1 semi-final (1-3 to final)	A Final
28-36	C modified	4 heats (1-4 and 2 next fastest to SF)	2 semi-finals (1-4 and fastest 5th to A final, rest to B final)	A Final B Final
37-45	D modified	5 heats (1-5 and 2 next fastest to SF)	3 semi-finals (1-3 to A final, 4-6 to B final)	A Final B Final
46-54	E modified	6 heats (1-3 to A1 and A2 Semi Final) (places 4-6 to B1 and B2 semi finals)	4 semi-finals (1-4 and fastest 5th from A1 and A2 to A final; next fastest 9 by time from either A or B semis to B final)	A Final B Final

Creating a race schedule and start list

Why do the race schedule and start list come out so close to the event?

- the race schedule is athlete-driven, and determined by how many competitors enter which events
- a lot of time is wasted checking that paddlers are financial members, and trying to verify partners in team boats
- if you have one hundred competitors there are generally about two hundred emails relating to the event. Every email takes on average 5 minutes, and they are all processed by volunteers who work full-time. If you would like information out faster, please volunteer to help.

How is the order of races decided?

- we try and be as helpful as possible with who is scheduled on what days e.g. sub-junior events on one day of a weekend, because generally they can't get time off school and they come with parents who can't get time off work. Veterans are also generally scheduled for the weekend as it is harder to explain that you want a day off to have a bit of a race, than ask for the time off because you are going for selection in the Australian team
- coaches are also consulted on what order of events they would like for the athletes, particularly if the event is a selection regatta for either juniors or seniors

Why are there all those gaps in the schedule?

- a lot of effort goes into making sure there is at least a one hour break between races that any specific competitor might do e.g. if a competitor is entered in K1 500 14, K2 500 14 and K4 500 16 (because there is no K4 500 14) then those events need to be at least one hour apart. If there are also heats and finals in any of those races, then there also need to be one hour gaps between those too
- if there are not enough other races to fill the one hour gaps between those races, then there is a gap in races
- we also take into consideration boat sharing and try to allow enough time between classes that we know share boats. This is especially important with K2 races
- the class with the most competitors (generally open K1) is the one that drives the basic structure of the program, because of the gaps needed between their races
- depending on the venue, there may be pontoon moves if there are held starts. Not only does this take about two hours, but it can cost up to \$500 per move

What about the future?

- creating a race program and start list from the entries to a regatta is an enormously time-consuming process (for this regatta it has taken an estimated 80 hours to get from the online entry system to a quality start list)
- we are still working on getting a system where you cannot enter team boat partners unless they have entered

Who does all the work?

- VOLUNTEERS!!!
